of Administration

EAO Mission Statement

The Mission of the Executive Administrative Office is to direct, advise, administer and monitor Tribal governmental departments, programs and businesses. The office also acts as a central location to ensure that policies and procedures set by the Tribal Council are carried out accordingly.

The EAO office oversees the daily operation of Tribal programs, provides administrative guidance, and implements Council decisions and initiatives to maintain the smooth operation of the direct service departments. In addition, it is the point of contact for all administrative matters pertaining to the Seminole Tribe of Florida. The office reports to the Tribal Chairman and Council and keeps them informed on Tribal government matters.
